

## SAFESCAN 2665 BANKNOTE COUNTER

The Safescan 2665 is all you need for effectively counting and checking banknotes. The banknotes do not need to be sorted first as the Safescan 2665 has the great benefit that it can count a mixed stack of banknotes and provide you with a detailed break-down report of the results. The Safescan 2665 banknote counter combines maximum protection against counterfeit banknotes with fast and accurate counting of your notes. For optimal security the Safescan 2665 is equipped with an amazing 6-point counterfeit detection which meets the strictest guidelines by Central banks.

- 6-point counterfeit detection: UV, magnetic ink, metal thread, infrared, thickness and size detection
- Counts both sorted and un-sorted Euro banknotes
- Checking and counting for 5 additional default currencies: British Pound, US Dollar, Polish Zloty, Swedish Krona & Norwegian Krone
- Suitable for the detection of the existing Euro banknotes and new Europa series banknotes
- User friendly numeric keyboard and function keys
- 100% false money detection ([www.ecb.int](http://www.ecb.int))
- Hopper capacity of 300 banknotes for high velocity counting
- Stacker capacity of 200 banknotes
- Adjustable counting speed
- Large and clear LCD display
- Add and Batch function
