

2250

BANKNOTE COUNTER

EASILY COUNT YOUR BANKNOTES

Cash-up quickly. The Safescan 2250 accurately counts the quantity of sorted banknotes for all currencies while simultaneously verifying them on up to three security features. Perfect for when you are in a time crunch. Thanks to its intuitive design, optimised display, and automated features, your cash counting will be easier than ever before.

- Banknote counter that counts the quantity of sorted banknotes for all currencies
- Counts up to 1.000 banknotes per minute
- Verifies banknotes on up to three security features: ultraviolet ink, magnetic ink and size
- Stops counting and presents an audio and visual alarm when a suspected banknote is detected
- Automatically starts counting the inserted stack of banknotes with the auto start function
- Adds up the number of counted notes across different runs with the add function
- Shows the total number of counted banknotes
- Creates equal stacks of banknotes with the batch function
- Easily operated thanks to the large 3.9 inch display and clear buttons
- In other documentation this model may also be referred to as the Safescan 2250 G2

Verifies banknotes on up to three security features
