30 - 3-PACK COUNTERFEIT DETECTOR PEN

VERIFY BILLS AT ANY LOCATION

The Safescan 30 is the ideal portable partner for checking whether a bill is genuine or counterfeit. The eye-catching, colourful detection pen is a perfect way for checking all currencies quickly and easily. If the ink changes colour on the bill then you may conclude that the bill is counterfeit. If the mark fades and eventually disappears, then the bill is genuine. The Safescan 30 can be used to test all bills and currencies.

- Immediate verification
- Suitable for testing all currencies
- Dark marking = counterfeit
- Clear marking = genuine

Dark marking = counterfeit

Transparent marking = genuine

Suitable for all currencies
